

Based on the decision taken by the executive council, in Kobani Canton - Syria. number ---1--- date ---28 - 6 -2015---- and included the formation of a special committee documented the massacre of the population of the province on June 25, 2015 by the terrorist (Daash) which infiltrated the city. The Commission after the investigation and hearing the statements of witnesses, and investigate each criminal act. The Committee submits its report to the Human rights and local and public opinion organizations.

Kubani Canton is one of the three Cantons , along with the Al Jezeerah Canton and the Canton of Afrin. Where a group of political parties and civil society organizations and community activities, announced (as a -arb-Assyrians, Syriac -Chechen-Armenian -Turkmen) Democratic Self-Ruled Administration, in order to fill the security and administrative and service vacuum, and secure needs and requirements of living of the population after the liberation and the expulsion of the Syrian regime. The People's Protection Units and women ypg, ypj allied military forces with them with the local police Asayish and Alsotro of the Department, to secure the security and protection to the provinces, which are now locked in fierce battles with the Salafi Jihadi groups expiatory self-Administration geographical areas along the democracy, and it is still fighting in all fronts at its most intense.

At the beginning of the month of September 2014, Kubani canton the city with the countryside have been attacked by the terrorist organization (Daash) after a long siege that lasted several months, where control of most of the city and resulted in most of the population migration and sabotage and destroy the majority of homes and infrastructure, after four months of heroic resistance units managed to protect the people and women in alliance with the battalions of the army free, and air support from the international coalition aircraft from defeat and expulsion of the terrorist organization outside the Canton's borders.

After liberation the residents returned to the ruined city, and life began returning to slowly, but that the terrorist organization in order to boost the morale of its fighters collapsed after defeats in the trenches and battle fronts .They returned once more to the city , taking advantage of the presence of combat troops in the battle front ,to infiltrate under the cover of darkness to the city disguised as army Free allied with the People's Protection Units.

On the morning of 06/25/2015 at four and a half terrorists entered the city and killed in cold blood twenty-three civilians, women, children and elderly in the village of Berkh Botan, but within the city have dispersed the living and stationed on the roofs of high-rise buildings and killed all that they met in the road and inside the houses where the organization managed to control of some buildings, and commit horrific massacres in each of the following areas (near the automated bakery, and the headquarters of the Government of Kobani, and on the road south of the city of Aleppo, and in the vicinity of the Gas Station Mustafa Darwish on the road Sheeran, east of the city, and north of the city in the neighborhood Customs, in the city center near the Express, and the old market of Al Hal ,secondary boys school , (Hospital Mstnor), Haj PKU Lane, west of reggae, the vicinity Martyr Osman School, 48th Street, Termik Bijan village, the village Barbkhtan, village Brkh Batan).

Kobani city is a Kurdish city. Killing the people there were deliberately targeted the Kurdish people in revenge, where killed children, women and elders the terrorists used various kinds of weapons, suicide bombings and shooting. The civilians directly and slaughtered from vein to vein using white weapons.

People's Protection Units issued a statement in which said that "on June 25 2015 in the early morning hours, entered a group of mercenaries made up of 80-100 mercenary, the aim of committing genocide massacre against the civilians of women, children and elderly in the town of Kobani."

It added that "this mercenary group came to Kobani through the Serrin, southern of Kobani. across sub-secret cargo routes, group by group and then gathered in an empty area in Kobani Canton. There bounced mercenary group the free army uniforms and raised the flags of the free army, and in this way passed Asayish barriers and entered Kubani city center. "

The statement noted that "according to some local sources, the groups of mercenaries entered Kobani also across the Turkish border, and witnesses saw with their own eyes as they entered the mercenaries from the Turkish border to Kobani".

And that "upon the arrival of mercenaries to Kubani city center began killing dozens of women, children and men and the Senate, and at the same time detained dozens of civilians hostage." The statement added, "It is as the result of the massacre killed 233 /civilians /23 of them are from the village of Brkh Botan and 210 in the Center of the city. in addition to the 273 civilians are wounded.

It is noteworthy, that the statement of the protection modules came after the end of military operations directly before that clarified the real figures of the martyrs and the wounded.

We note that the international community demands an investigation and punishment of the perpetrators and instigators, partners and stakeholders in the crime and considered the instigator is as same as the actors for the crimes. In the application of punishment and there are local and regional parties have contributed to the occurrence of crime.

It has proceeded armed group that declared itself as the "Islamic State" (hereinafter referred to as the Daash) to commit war crimes and the crime of genocide and the killing of civilians and children and intimidate the civilian population and took them hostage in the town of Kobani.

(F) The terrorist Organization 'Daash ' seeks through the commission of the crime of genocide committed in the city to terrorize the citizens of Self -Ruled Administration areas, that enjoy stability and security ,and do genocide .
